April 2015

Beyond the Cones

By Calibre Press

**April 28, 2015 / 8 hours / \$25
0800 - 1700**

Most officers, commanders, and risk managers view the police crash as “the cost of doing business” and an anticipated cost of a departmental budget. However, crashes and “traffic incidents” are more than numbers on a page and line-items on a spreadsheet. Officers are killed and seriously injured every day in and around their squad cars.

Beyond the Cones examines these phenomenon from both a financial and human perspective. It focuses on solutions to reduce deaths, injuries, and the high cost of property damage.

May 2015

Effective Courtroom Testimony Presented By TDCAA

**May 13, 2015 / 6 hours / FREE
0815 - 1630**

Every defense lawyer who advises clients to refuse a breath test admits that officers are arresting for DWI only people that are intoxicated—yet DWI cases are very hard to win in front of juries. One reason is that prosecutors and officers are not conveying to jurors what the officer actually saw at the scene and knows from his training and experience. This course is dedicated to ethically and professionally presenting officer testimony in DWI cases. Well-crafted reports, effective direct examinations, clear demonstrations, and honest responses to less-than-honest defense tactics on cross will all be discussed, modeled, and practiced.

Registration for this course is available only online at www.tdcaa.com/training. Because space may be limited and walk-ins may not be admitted, please register online promptly.
